

EXHIBIT 4.39
UNIQUE ENTITY IDENTIFIER (UEI) NUMBER and
DATA UNIVERSAL NUMBERING SYSTEM (DUNS)

Applicants must submit their UEI number, DUNS, and proof of active status record under SAM.

UEI

A UEI number is the authoritative identification number provided by the U.S. government, used to identify businesses awarded federal grants, awards and contracts.

If your entity is already registered in SAM.gov, it has already been assigned a UEI number. Simply log in at SAM.gov to access it.

If your entity needs to obtain a UEI number at SAM.gov, you have two options:

1. Entities intending to bid on contracts or grants directly from the federal government should visit SAM.gov and choose "Register Entity" to receive a UEI.
2. Those who would like a UEI for sub-award reporting should choose "Get Unique Entity ID."

DUNS

D-U-N-S number is a unique, non-indictive nine-digit identifier issued and maintained by the Dun & Bradstreet (D&B) that verifies the existence of a business entity.

The process to request a D-U-N-S number for free is by completing an online application and it may take up to 30 business days. <https://www.dnb.com/duns-number.html>
